IHR DIGITALES HOME OF IT SECURITY

As an industry platform for IT security, it-sa 365 offers you information on new products, solutions, trends, innovations and news from the IT security industry via various formats. The networking features enable the exchange between IT security providers and experts within our it-sa 365 community. Our Actions are the live digital presentations of it-sa 365, i.e. interactive workshops, discussion panels and expert talks. The Actions are available to it-sa 365 users as a video after the live presentation.
