

Filming and photography for journalists, bloggers and influencers/media representatives

On receipt of the accreditation the ticket holder agrees that any film and photos produced are exclusively for the purposes of editorial coverage.

These activities are permissible only during the daily opening times of events. All other commercial shots that are not produced for the purposes of general editorial coverage require the separate consent of NürnbergMesse.

The parties agree that by giving permission to take photographs and videos, NürnbergMesse GmbH does not assume any liability whatsoever, and that the person taking the photographs and videos shall relieve NürnbergMesse GmbH from all third party claims in this conjunction.

The person taking the photos/films is liable for all loss and damage that occurs in conjunction with the photography and filming. Before granting access to the interior of the exhibition centre, NürnbergMesse is entitled to ask the person taking the photos or videos for current written proof of the existence of liability insurance issued by the insurer of the film crew.
